FROM : Charles E. Waterman, Vice Chairman

SUBJECT : Vulnerability Assessment: Cuba

1. I would like to hold a meeting for approximately 1/2 hour at 2:00 p.m. on Friday, 20 May. The purpose is to discuss and launch the first vulnerability estimate on Cuba. The DCI is specifically interested in "moving out smartly" on this production. I suggest we use the attached informal outline, plus preliminary thoughts recorded by Maurice and Ted, as a basis for discussion.

2. The DCI has also expressed keen interest in such an assessment on Nicaragua, particularly but not exclusively its economic aspect. Please be prepared to address this issue as well.

Charles E. Waterman
